Use this form to report only transactions for the period

September 1, 1990 — November 30, 1990

Schedule U is to be used to report sales and use tax on the transactions described below.

General Instructions

All machinery or equipment and parts, tools and supplies used or consumed in production are exempt from statewide and from all local sales and use tax imposed **outside** of New York City.

Effective December 1, 1989 machinery and equipment and parts with a useful life of more than one year are also exempt from the local tax imposed inside New York City. However, the exemption **does not** include parts with a useful life of one year or less or tools or supplies used or consumed in production. Sales or use of these items remain subject to the 4% New York City tax.

Although the services of installing, maintaining or servicing production machinery, equipment, apparatus, parts, tools and supplies are exempt from the statewide sales and use tax, these services are subject to all local sales and use taxes.
