

# Certification of the Sale and Purchase of Natural Gas Services

# TP-136

(12/96)

Certification that the sale of natural gas services for use or consumption in New York State is exempt under section 189, and subject to tax under sections 186-a and, if applicable, 186, as the sale is made in New York.

This certification must be completed by the seller and the purchaser and given to the transporter-utility.

This certificate may only be used if the customer of the transporter-utility is purchasing gas from one seller (other than the transporter-utility). This certificate is valid for the term of the contract and is valid for all deliveries of natural gas pursuant to the terms of the contract, (i.e., additional copies of the certificate do not need to be presented for each transfer). The contract must be for a term of one year or more. If there is any change in the contract term, the supplier, or any terms set forth in the certificate, the certificate is rendered invalid. The certificate expires on the termination date of the contract.
