# Instructions

A foreign corporation must pay a license fee for the privilege of exercising its corporate franchise or carrying on its business in New York State. This fee is in addition to the annual franchise tax and is payable only once, unless the capital share structure changed or the amount of capital stock employed in New York State increased since the last license fee return was filed. Some changes in capital share structure are:

- stock split;
- issuance of authorized stock;
- change of par value stock to no-par value stock; and
- change of no-par value stock to par value stock.

**Who must file** — All foreign corporations (except banking corporations as defined in paragraphs 1 - 8 of section 1452(a), insurance corporations, limited liability companies (LLC), limited liability partnerships (LLP), and publicly traded partnerships taxed as corporations under the Internal Revenue Code) that do business in New York State must file Form CT-240. This includes foreign corporations that have elected to be New York State S corporations.

A foreign corporation that is subject to the New York State franchise tax under Article 32, section 1452(a)(9), or a foreign bank holding company that is included in a combined return under Article 32, section 1462(f), is required to file a license fee return. However, a foreign corporation or bank holding company that would not otherwise be taxable in New York State, except for its inclusion in a combined return under Article 9-A or Article 32 of the Tax Law, is not required to file a license fee return.

All foreign corporations included in a combined return under Article 9-A or Article 32 of the Tax Law that would be taxable in New York State if they filed separate returns are required to file the license fee return and compute the license fee on an individual basis.

**When and where to file** — File Form CT-240 with the first franchise tax return, within 2½ months after the end of the fiscal or calendar year, and whenever a change is made in the capital share structure of the corporation or whenever the amount of capital stock employed in New York State has increased since the last license fee return was filed. When filing Form CT-240 other than with your franchise tax return, mail to: **NYS CORPORATION TAX, PROCESSING UNIT, PO BOX 22038, ALBANY NY 12201-2038.**

**Private delivery services** — If you choose, you may use a private delivery service, instead of the U.S. Postal Service, to file your return. However, if, at a later date, you need to establish the date you filed your return, you cannot use the date recorded by a private delivery service unless you used a delivery service that has been designated by the U.S. Secretary of the Treasury or the Commissioner of Taxation and Finance. (Currently designated delivery services are listed in Publication 55, *Designated Private Delivery Services*. See *Need help?* below for information on ordering forms and publications.) If you use any private delivery service, whether it is a designated service or not, address your return to: **State Processing Center, 431C Broadway, Albany NY 12204-4836.**

**License fee rates** — The license fee rate is five cents on each share of no-par value stock and 1/20th of 1% of the value of par value stock. The minimum license fee is \$10.

When the license fee is recomputed, the amount of any license fee previously paid may be taken as a credit against the recomputed license fee. However, no credit for license fees previously paid will be allowed for a foreign corporation that merges or reincorporates in another state. Refunds will not be made to a corporation when a recomputed fee is less than the fee previously paid.

## Specific instructions

**Whole dollar amounts** - You may elect to show amounts in whole dollars rather than dollars and cents. Round an amount from 50 cents through 99 cents to the next higher dollar, and round any amount less than 50 cents to the next lower dollar.

**Percentages** - When computing allocation percentages, convert decimals into percentages by moving the decimal point two spaces to the right. Percentages should be carried out to four decimal places. For example:  $5,000/7,500 = .6666666 = 66.6667\%$ .

**Negative amounts** — show any negative amounts in parentheses.

### Computation of license fee

- Line 1** — Enter the total face value of issued par value stock. **Do not include treasury stock.**
- Line 4** — Enter the total number of shares of no-par value stock issued. **Do not include treasury stock.**
- Line 8** — Enter total license fee paid with prior license fee returns. **Do not include interest paid or additional charges with prior returns.**
- Line 10** — If you do not pay the license fee on time, you must pay interest. See *Need help?* to get information on the current rate.

### Line 11 — Additional charges — late filing and late payment

Additional charges for late filing and late payment are computed on the amount of the fee less any payment made on or before the due date determined **with** regard to any extension of time for filing.

- A. If you do not file a return when due, add to the fee 5% per month up to 25% (section 1085(a)(1)(A)).
- B. If you do not file a return within 60 days of the due date, the addition to the fee in item A above cannot be less than the smaller of \$100 or 100% of the amount required to be shown (section 1085(a)(1)(B)).
- C. If you do not pay the fee shown on a return, add to the fee ½% per month up to 25% (section 1085(a)(2)).
- D. The total of the additional charges in items A and C above may not exceed 5% for any one month, except as provided for in item B above (section 1085(a)).

If you think you are not liable for these additional charges, attach a statement to your return explaining the delay in filing or payment (section 1085).

Note: We will compute the interest (line 10) and/or penalty (line 11) for you. Call the Business Tax Information Center at 1 800 972-1233.

### Schedule A — License fee allocation — foreign corporations (including S corporations) taxable under Article 9-A, Tax Law

Add the allocated New York State business capital, allocated New York State investment capital, and the allocated New York State subsidiary capital, then divide the result by total capital. Get these figures from Form CT-3, *General Business Corporation Franchise Tax Return, Computation of Capital Base*.

Example:	<i>Allocated NYS capital</i>	<i>Capital everywhere</i>
<i>Business capital</i>	\$750,000	\$1,000,000
<i>Investment capital</i>	5,000	50,000
<i>Subsidiary capital</i>	<u>100,000</u>	<u>100,000</u>
	\$855,000	\$1,150,000

*License fee allocation percentage: 74.34782% (855,000 ÷ 1,150,000)*

If you file Form CT-3-S, determine your total capital, business capital, and investment capital on Form CT-3-S-ATT. Allocate business and investment capital by using the allocation percentages from Form CT-3-S.

### Schedule B — License fee allocation — foreign corporations taxable under Article 9, Tax Law

Compute your license fee allocation percentage by dividing assets employed in New York State by total assets. Do not include cash or U.S. obligations as part of assets.

### Schedule C — License fee allocation — foreign corporations taxable under Article 32, Tax Law

Add together business capital and subsidiary capital allocated to New York State and divide the result by total capital. Foreign corporations taxable under section 1452(a)(9), and foreign bank holding companies included in a combined return under section 1462(f), are required to compute the license fee allocation in the same manner as the issuer's allocation percentage. The computation of the issuer's allocation percentage is described in the instructions for Form CT-32, *Banking Corporation Franchise Tax Return*.
