

Instructions for Form CT-2658

Report of Estimated Tax for Corporate Partners

General Information

Tax Law section 658 was amended for 2003 to require the following entities that have income derived from New York sources to make estimated tax payments on behalf of partners or shareholders who are nonresident individuals or C corporations (any corporation other than a federal S corporation):

- New York S corporations;
- Partnerships (other than publicly traded partnerships as defined in Internal Revenue Code section 7704);
- Limited liability companies (LLCs) or limited liability partnerships (LLPs) that are treated as partnerships for federal income tax purposes.

Who must file Form CT-2658

Partnerships must file Form CT-2658 to make estimated tax payments on behalf of partners that are C corporations. Partnerships that have income derived from New York sources must make estimated tax payments on behalf of any partner that is a corporation, unless the partnership receives information from the corporation that the corporation is a federal S corporation.

Exceptions: Estimated tax payments are not required for any partner whose estimated tax required to be paid for the tax year by the partnership is \$300 or less.

Exemption certificates

Estimated tax payments are not required for any partner that files Form CT-2658-E, *Certificate of Exemption from Partnership Estimated Tax Paid on Behalf of Corporate Partners*, with the partnership certifying one of the following:

- The corporation is exempt from any tax imposed by New York State Tax Law, Articles 9, 9-A, 32 and 33; **or**
- The corporation will comply in its corporate capacity with all New York State corporation estimated tax payment provisions and tax return filing requirements.

For more information, see Form CT-2658-E.

Partnerships: Do not submit copies of Forms CT-2658-E to the Tax Department. The partnership may rely on these forms to exempt the partner from the estimated tax provisions. The partnership must maintain copies of Forms CT-2658-E for its records.

Note: To make estimated tax payments on behalf of partners who are nonresident individuals, use Form IT-2658, *Report of Estimated Tax for Nonresident Individual Partners and Shareholders*, and Form IT-2658-ATT, *Attachment to Report of Estimated Tax for Nonresident Individual Partners and Shareholders*.

Additional sheets — If the partnership is making a payment of estimated tax on behalf of more than eight corporate partners, list the additional partners on Form(s) CT-2658-ATT, *Attachment to Report of Estimated Tax for Corporate Partners*. Follow the instructions for Form CT-2658 to complete Form CT-2658-ATT. Be sure to attach Form(s) CT-2658-ATT to Form CT-2658.

New York source income is income, gain, loss, or deduction and any related Tax Law section 612 modifications derived from or connected with New York State sources. For purposes of these estimated tax rules, the New York source income of a C corporation is computed as if the C corporation were a nonresident individual.

See Form IT-204-I, *Instructions for Form IT-204, Partnership Return*, to determine if the partnership has income from New York sources. In addition, use these instructions to determine the portion of a nonresident partner's distributive share of partnership income (including New York Tax Law section 612 modifications) that is derived from New York sources.

Estimated tax for corporate partners means a corporate partner's distributive share of the partnership's income derived from New York sources for the year, multiplied by the highest rate of tax under Tax Law section 210(1)(a) for the year (7.5% for 2005), and reduced by

the corporate partner's distributive share of any allowable credits from the partnership.

For a fiscal-year partnership, base the payments for 2005 on the partner's distributive share of partnership income for the fiscal year that ends in calendar year 2005.

The payment of estimated tax by the partnership on behalf of a partner is treated as a payment of estimated tax made by the partner at the time the payment is made by the partnership. The partners may take into account any payments made on their behalf by the partnership in determining how much estimated tax they must pay.

Estimated tax payments are only required for partners who are C corporations or nonresident individuals. Estimated tax payments are not required for partners who are resident individuals, partnerships, S corporations, estates, or trusts.

If the partnership overpays estimated tax for the year, a refund will be issued to the entity only if the entity can establish that the overpayment was attributable to payments made on behalf of a partner for whom it was not required to pay estimated tax (for example, the entity erroneously made a payment for a partner that is a trust).

When to make estimated tax payments

The partnership estimated tax payments are due on April 15, June 15, September 15, 2005, and January 17, 2006. The payments must be made by these dates whether the partnership or the C corporation partner files its returns on a calendar-year basis or a fiscal-year basis. The partnership can pay the entire estimated tax for the year with the first payment or pay four equal installments.

With respect to the payments due April 15, 2005, and January 17, 2006, the partnership may send its Forms CT-2658 and payments on March 15, 2005, and December 15, 2005, rather than on April 15, 2005, and January 17, 2006. The corporate partner can then take the partnership payments into account when they compute the corporation's March 15 and December 15 installments.

Notification to partners — Every partnership required to pay estimated tax on behalf of its partners must issue a statement to the partners showing the amount of estimated taxes paid on their behalf. The statement must be furnished within 30 days after the estimated tax is paid. There is no specific form for this notification process. The partnership may choose the method of notifying its partners of the payment. However, the partnership cannot use federal form W-2 or any other form or document that would indicate that the payment is income tax withheld. The statement must show that the payment is to be treated as a payment of estimated tax when the partners file their New York returns.

Penalties

Failure to pay estimated tax on behalf of a partner — If a partnership is required to pay estimated tax on behalf of a partner and fails to do so, the partnership will pay a penalty of \$50 per partner for each failure, unless it is shown that the failure is due to reasonable cause and not due to willful neglect.

Underpayment of estimated tax — In the case of an underpayment of estimated tax by the partnership, a penalty as determined under Tax Law section 685(c) will be added to the estimated tax required to be paid.

In general, the partnership may owe the penalty if the total estimated tax paid on behalf of all nonresident individuals and corporate partners is not equal to or greater than the smaller of:

- 1) 90% of the estimated tax required to be paid for 2005; **or**
- 2) 100% of the estimated tax required to be paid on behalf of partners for 2004 (110% of that amount if the partnership is not primarily engaged in farming or fishing and the New York source income allocated to nonresident individuals and C corporations is more than \$150,000).

CT-2658-I (2005) (back)

Note: This total estimated tax paid calculation is used only to determine if the partnership owes a penalty for underpayment of tax. It does not take into account whether the partnership properly allocated the total payments among the corporate and nonresident individual partners.

In addition to the penalties that may be imposed upon the partnership, the partners may be subject to penalties on their corporate franchise tax returns if they have not paid sufficient estimated tax for the year.
