

# Instructions for Form IT-602

## Claim for EZ Capital Tax Credit

For 2006, this form is not eligible for e-file. If you are attaching this form to your return, you must file on paper.

The Laws of 2005 amended Tax Law section 606(l), eliminating the credit for investments made in, and contributions in the form of donations made to, EZ capital corporations for tax years beginning after December 31, 2004. However, you may continue to carry over any unused credit for these investments or contributions from a tax year prior to 2005.

### General information

Tax Law section 606(l) allows an empire zone (EZ) capital tax credit to be applied against the taxes imposed by Article 22, based upon qualified investments in an EZ capital corporation.

The EZ capital tax credit is equal to 25% of the sum of the following investments and contributions made during the tax year that are certified by the Commissioner of Economic Development:

- qualified investments in certain certified EZ businesses; and
- contributions of money to community development projects as defined in regulations issued by the Commissioner of Economic Development.

The term *qualified investment* means (1) the contribution of property to a corporation in exchange for original issue capital stock or other ownership interest, (2) the contribution of property to a partnership in exchange for an interest in the partnership, and (3) similar contributions to a business entity not in a corporate or partnership form in exchange for an ownership interest in that entity.

Section 606(l) imposes **three limitations** on the capital tax credit, as follows:

- The credit may not exceed the tax due under Article 22.
- The total amount of credit allowable to a taxpayer for all years may not exceed \$300,000, and the total credit allowed for each of the two categories of qualified investments and contributions may not exceed \$100,000 (for additional limitations under section 606(l), see the instructions for line 14).
- The credit and carryover of the credit may not exceed 50% of the tax imposed by Article 22, section 601, without regard to any credit.

This credit is not refundable; however, any amount of credit or carryover of credit not deductible in the current tax year may be carried over to be deducted from the tax for succeeding tax years.

**Attachments required** — Empire State Development Corporation issues Form Z10, *Eligibility to Apply for a Zone Capital Tax Credit*, to taxpayers. Form Z10 authorizes the taxpayer to receive an EZ capital tax credit against the taxpayer's New York State personal income or franchise tax. Therefore, attach a copy of Form Z10 to Form IT-602, when applying for the EZ capital tax credit.

### Schedule E — Limitations of EZ capital tax credit

**Line 12** — Calculate the amount to enter on this line as follows:

- **Form IT-201 filers** — Enter the total of your tax from line 39 and Form IT-230-I, Worksheet A, line 1, reduced by any resident credit and accumulation distribution credit.

  - **Nonresident and part-year resident** — Enter the tax from line 9, reduced by any resident credit and accumulation distribution credit.

If the credit and carryovers of the credit allowable for any tax year exceed the taxpayer's tax for the tax year, the excess and the amount disallowed because of the 50% limitation may be carried over to the following year(s) and may be deducted from the taxpayer's tax for that year(s).

**Line 14** — The total amount of credit allowable to a taxpayer for all years may not exceed \$300,000, and the total credit allowed in each of the two categories may not exceed \$100,000. However, if a husband or wife is required to file a separate return, the \$100,000 limitation is reduced to \$50,000, and the \$300,000 limitation is reduced to \$150,000, unless the taxpayer's spouse has no credit allowable for the tax year that ends with or within the taxpayer's tax year.

For an estate or trust, the \$100,000 limitation and the \$300,000 limitation of the credit are reduced to an amount that bears the same ratio to \$100,000 and an amount that bears the same ratio to \$300,000 as the portion of the income of the estate or trust that is not allocated to beneficiaries bears to the total income of the estate or trust.

If a taxpayer sells, transfers, or otherwise disposes of stock, a partnership interest, or other ownership interest arising from the making of a qualified investment, or if a contribution or investment is recovered by the taxpayer that was the basis for the allowance of the credit, and the disposal or recovery occurs during the tax year or within 36 months from the close of the tax year when the credit was allowed, the difference between the credit taken and the credit allowed must be added back.

**Column C** — For recapture purposes, the amount of the credit to be added back must be the portion of the credit attributable to the stock, or other ownership interest disposed of, or the payment or contribution recovered, multiplied by one of the following percentages:

- 100%, if the disposition or recovery occurs within the tax year or within 12 months of the close of the tax year in which the credit was allowed

An estate or trust must complete Schedule H. If an estate or trust allocates or assigns the credit to its beneficiaries, base the division on each beneficiary's share of the income of the estate or trust.
