

Instructions for Form CT-607

Claim for Excelsior Jobs Program Tax Credit

CT-607-I

General information

The Tax Law provides a credit to taxpayers who are participants in the Excelsior Jobs Program and are subject to tax under Articles 9 (section 185), 9-A, 22, or 33.

A business enterprise must submit a completed application to Empire State Development (ESD). If ESD determines that a business entity will be a participant in the program, it will issue the entity a certificate of eligibility, a preliminary schedule of benefits, and a certificate of tax credit for one tax year. To receive a certificate of tax credit for subsequent tax years, the participant must demonstrate to ESD that the entity continues to satisfy the eligibility criteria. For more information about the Excelsior Jobs Program application and approval process, visit ESD's Web site (at www.esd.ny.gov).

A taxpayer that has been issued a certificate of tax credit by ESD will be allowed to claim the credit. The certificate of tax credit will indicate the amount of each credit component that may be claimed for the tax year. A taxpayer will be allowed to claim only the amount listed on the certificate of tax credit for that tax year. A copy of the certificate of tax credit must be attached to the taxpayer's return.

A business accepted into the Excelsior Jobs Program must agree to be permanently disqualified for empire zone (EZ) benefits at any location that qualifies for Excelsior Jobs Program benefits.

Eligibility

To be a participant in the Excelsior Jobs Program a business entity must operate predominantly in New York State in certain industries. It must also be a regionally significant project or create a minimum number of net new jobs. For more information about the eligible business types and the net new job requirements, visit ESD's Web site (at www.esd.ny.gov).

The following are not eligible to claim the credit:

- a not-for-profit entity;
- a business entity whose primary function is the provision of services, including personal services, business services, or the provision of utilities;
- a business entity engaged predominantly in the retail or entertainment industry, other than a business operating as an entertainment company as defined in Economic Development Law section 352.7 or a business entity engaged in music production; **or**
- a company engaged in the generation or distribution of electricity, the distribution of natural gas, or the production of steam associated with the generation of electricity.

A taxpayer may claim the credit for ten consecutive tax years commencing with the first tax year for which the taxpayer receives a certificate of tax credit or the first tax year listed on its preliminary schedule of benefits, whichever is later. If a participant fails to satisfy the eligibility criteria in any one year, it will lose the ability to claim the tax credit for that year. Such failure does not extend the original ten-year eligibility period.

The credit is equal to the sum of the following four credit components:

- the excelsior jobs tax credit component;
- the excelsior investment tax credit component;

- the excelsior research and development tax credit component; **and**
- the excelsior real property tax credit component.

See the instructions for Schedules A, B, C, and D for more information on these components.

No cost or expense paid or incurred can be the basis for more than one component of this credit or any other credit, with one exception: a participant may claim both the excelsior investment tax credit component and the investment tax credit (Tax Law, Article 9-A, section 210-B.1; Article 22, section 606(a); or Article 33, section 1511(q)) for research and development property.

The amount of the credit allowed cannot reduce the tax due to less than the minimum tax due under Article 9 (section 185), or Article 33, or the fixed dollar minimum tax under Article 9-A.

Any unused amount of credit for the current tax year will be treated as a refund or overpayment of tax to be credited to next year's tax. Interest will not be paid on the refund or overpayment.

The credit is **not** allowed against the metropolitan transportation business tax (MTA surcharge) under Article 9, 9-A or 33.

If a certificate of eligibility or a certificate of tax credit is revoked because you do not meet the eligibility requirements, you must recapture the amount of credit previously claimed prior to that revocation. The amount of credit to be recaptured must be added back to tax for the tax year in which the revocation becomes final.

Definitions

Certificate of eligibility means the document issued by ESD to an applicant that has completed an application to be admitted into the Excelsior Jobs Program and has been accepted into the program by ESD. Possession of a certificate of eligibility does not by itself guarantee eligibility to claim the tax credit.

Certificate of tax credit means the document issued to a participant by ESD, after ESD has verified that the participant has met all applicable credit eligibility criteria. The certificate will be issued annually if such criteria are met and will specify the exact amount of each of the excelsior jobs program tax credit components that a participant may claim, and will specify the tax year for which those tax credit components may be claimed.

Participant means a business entity that has completed an application to be admitted into the Excelsior Jobs Program, has been issued a certificate of eligibility by ESD, and has demonstrated that it meets the eligibility requirements of the Excelsior Jobs Program, and has been certified as a participant by ESD.
