General information

For tax years beginning on or after January 1, 2007, Tax Law sections 28 and 210-B.23 provide for tax credits for qualified commercial production companies. The Empire State commercial production credit (also referred to simply as the *commercial production credit*) is available to taxpayers subject to tax under Article 9-A or Article 22. This form is for taxpayers subject to tax under Article 9-A. Those subject to tax under Article 22, complete Form IT-246, *Claim for Empire State Commercial Production Credit*. These credits apply to tax years beginning before January 1, 2019.

The credit is allowed for qualified production costs paid or incurred in the production of a qualified commercial in New York State. The credit is allowed for the tax year in which the production of the qualified commercial is completed. The credit may not reduce the tax due below the fixed dollar minimum tax. Any amount not used in the current tax year may be refunded or credited as an overpayment to next year's tax. The refund is limited to 50% of the excess credit in the current year; the balance may be carried forward to the following tax year and may be deducted from the tax in that year. All remaining excess after application in the succeeding year may also be refunded or credited as an overpayment to the succeeding tax year. No interest will be paid on the refund. Production costs used as the basis for allowance of this credit or used in the calculation of this credit cannot be used to claim any other credit.

The credit is not allowed against the metropolitan transportation business tax (MTA surcharge) under Article 9-A.

The amount of credit allowed for the current tax year is allocated by the New York State Governor's Office of Motion Picture & Television Development. Attach a copy of your certificate from that office for the credit allowed. For rules and regulations regarding the credit, contact the New York State Governor's Office of Motion Picture & Television Development at nyfilm@esd.ny.gov or call (212) 803-2330.

Corporate partners

If you are a corporate partner who has commercial production credits passed through to you from a partnership, enter your pro rata share of the commercial production credits passed through to you from the partnership in Part 1, line 2. Also, enter the name and EIN of the partnership in Part 3. Enter on line 1 only the amount of commercial production credit allocated to your corporation by the New York State Governor's Office of Motion Picture & Television Development.

New York S corporations

New York S corporations will calculate an amount of commercial production credit. However, the S corporation may not use the commercial production credit against its own tax liability; instead, the credit is passed through to the shareholders to use against their personal income tax liabilities on their New York State tax returns.

New York S corporations complete only lines 1 through 3. Include the line 3 amount on Form CT-34-SH, *New York S Corporation Shareholders' Information Schedule*, which is filed with your New York State corporation tax return. Attach a copy of Form CT-246 to your Form CT-3-S, *New York S Corporation Franchise Tax Return*.

Provide all shareholders with the amount of their pro rata share of the commercial production credit calculated. The shareholders will file their own Form IT-246 to claim the credit on their New York State personal income tax returns.

Combined filers

A taxpayer filing a combined return as a member of a combined group is allowed to claim the commercial production credit. The

commercial production credit is computed on a separate basis, but is applied against the combined tax.
