Claim for Empire State Commercial Production Credit

Tax Law – Section 28, Section 606(jj)

IT-246-I

General information

Tax Law sections 28 and 606(jj) provide for tax credits for the commercial production industry. These credits have been extended and apply to tax years beginning before January 1, 2019. The Empire State commercial production credit is available to taxpayers subject to tax under Article 22 (personal income tax) or Article 9-A (general business corporations). Form IT-246 is for taxpayers subject to tax under Article 22. Those subject to tax under Article 9-A (including New York S corporations), should complete Form CT-246, *Claim for Empire State Commercial Production Credit*.

The credit is based on qualified production costs paid or incurred in the production of a qualified commercial in New York State. The credit is allowed for the tax year in which the production of the qualified commercial is completed. If the amount of the credit allowable for any tax year exceeds the tax for that year, 50% of the excess is treated as an overpayment to be credited or refunded. No interest will be paid on the refund. The remaining excess may be carried over to the following tax year and may be deducted from the tax in that year. Any excess after application in the succeeding year is treated as an overpayment to be credited or refunded. No interest will be paid on the refund.

If the commercial production credit is claimed for *qualified production costs*, no other income tax credit may be claimed for those costs.

The amount of credit allowed for the current tax year is allocated by the New York State Governor's Office of Motion Picture & Television Development. **Submit a copy of your certificate of tax credit from this office for the credit allowed.** For rules and regulations regarding the credit, contact the New York State Governor's Office of Motion Picture & Television Development at nyfilm@esd.ny.gov or call (212) 803-2330.
