## Instructions

### General information

For purposes of the MCTMT, the MCTD is divided into two zones:

- **Zone 1:** Includes the counties of New York (Manhattan), Bronx, Kings (Brooklyn), Queens, and Richmond (Staten Island).
- **Zone 2:** Includes the counties of Rockland, Nassau, Suffolk, Orange, Putnam, Dutchess, and Westchester.

Self-employed individuals (including partners) do not pay MCTMT on net earnings from self-employment attributable to an approved START-UP NY business located within the MCTD for up to 10 consecutive years. The exemption begins with the tax year your approved business locates in the tax-free NY area.

You must still report annual MCTMT information if your total net earnings from self-employment allocated to Zone 1 or Zone 2 (both inside and outside the tax-free NY area) exceed \$50,000 for the tax year. However, your net earnings attributable to the tax-free NY area within Zone 1 or Zone 2 are excluded from the computation of your MCTMT liability.

**Example:** *Taxpayer A is a partner in two partnerships. Taxpayer A has total net earnings from self-employment within Zone 1 of \$100,000 (line 1); therefore, Taxpayer A is subject to the MCTMT. However, because \$60,000 (line 2) is from a partnership in the tax-free NY area within Zone 1, Taxpayer A will be able to exclude \$60,000 from the net earnings on which they will compute their MCTMT. Therefore, Taxpayer A's net earnings used to compute their MCTMT in Zone 1 is \$40,000 (line 5).*

**Married persons filing joint return:** if you both qualify to exclude START-UP NY earnings from the MCTMT, you must each complete your own Form IT-6-SNY.

You are not eligible for any START-UP NY tax benefits during any tax years that your business is suspended from the START-UP NY program.
