Overview

This publication contains a series of statistical tabulations detailing taxes administered by the New York State Department of Taxation and Finance. The information presented includes revenues and selected tax structure and consumption information for the State's major taxes. It also presents data for taxes, fees and assessments imposed by other State agencies and for some locally imposed taxes that are collected by the Department. This edition presents information for New York State Fiscal Year 2006-2007 (SFY 2006-2007) and some historical statistics. SFY 2006-2007 began April 1, 2006 and ended March 31, 2007.

During SFY 2006-2007, the Department collected over \$56.5 billion from State-imposed taxes and fees. The State personal income tax accounted for the largest share, \$34.6 billion. The State sales tax (\$10.2 billion), business taxes (\$7.6 billion), excise and user taxes (\$1.9 billion) and property transfer taxes (almost \$2.1 billion) contributed toward that total. Other taxes and fees totaled over \$0.2 billion. The following chart depicts the share of total revenues from these major sources.

New York State Tax Collections: Fiscal Year 2006-2007

Several changes made to the data beginning with the 2005-06 edition of this publication continue in this edition. Those changes included:

- The personal income tax and total Department collections were previously presented as before and after the Refund Reserve. Following the reclassification of the Refund Reserve to the General Fund group of accounts, collections before and after the Refund Reserve were removed from this report. All references to the Refund Reserve data, formerly presented in Tables 1-3, no longer appear in this publication. Historical data for the Refund Reserve, found in earlier editions, are available from the Department's World Wide Web site at www.tax.state.ny.us/statistics.
- Detailed information for hazardous waste assessments, waste tire management and recycling fees, and wireless communication service surcharges, not imposed by the Tax Law but collected by the Department, were added to Tables 2 and 18 of this report. Statutory imposition references and effective dates for these items are included in the Appendix. Descriptions of these items may be found in the Glossary.
- Tax rates no longer appear in Table 24 - Sales and Compensating Use Tax, State Collections and Local Tax Distributions. Over time, changes to local tax rates, differences in taxable bases, and preemption agreements between municipalities which impose a tax and the counties where they are located made it difficult to accurately assign a single tax rate responsible for the majority of the
- distributions to each jurisdiction during the state fiscal year. Therefore, to avoid misrepresenting the effective rate for the amount of sales tax revenue produced, tax rates were removed from Table 24. See Table 25 for tax rate and preemption information.

This publication is divided into seven sections containing 29 statistical tables. Section I presents State taxes and fees by major tax group. Sections II through VI contain detailed historical revenue information for the major categories presented in Section I. Where available, additional tax base information is presented. For example, Table 9 in Section III displays the amount of taxable gallons by product type for

SFY 2006-2007 on which the petroleum business tax was imposed. Section VII contains local taxes collected by the Department. It also shows additional detailed information on local sales tax receipts, the city of New York and city of Yonkers personal income taxes and the regional Metropolitan Transportation Authority tax surcharge.

The Appendix summarizes the effective dates for New York's major taxes. Finally, the Glossary provides an explanation for some of the technical terms presented in the statistical tables.

For information useful in understanding and interpreting the data presented in this report, see the descriptive summaries of the taxes and discussion of recent tax legislation presented in the Office of Tax Policy Analysis' annual *New York State Tax Sourcebook* and *Handbook of New York State and Local Taxes*. Also see the Governor's *Executive Budget*, which is prepared by the Division of the Budget.

Tabular data presented in the publication may be obtained from the Department's World Wide Web site at www.tax.state.ny.us/statistics. Questions, other inquiries and individual data table requests may be directed by electronic mail to: Otpa-Revenue_Reporting@tax.state.ny.us.

* Includes payments by regulated telecommunications businesses on their non-telecommunications gross income under Section 186-a.

a/ Section 181 includes foreign corporation maintenance and licensing fees formerly reported under Article 9-A of the Tax Law.

b/ Section 186 tax repealed, January 1, 2000. Corporations formerly taxed under Section 186 now taxable under Article 9-A, except for certain taxpayers with continuing statutory authority.

c/ Reflects transfer of monies between Sections 186-a and 186-e after the initial enactment of Section 186-e, January 1, 1995.

d/ Section 189 tax was gradually phased out through rate reductions that began in 2000 and was totally eliminated beginning January 1, 2005.

KEY: Article 9 imposes franchise taxes and fees on specialized corporations and public utilities:

Section 181 - Foreign Corporation License Fees

Section 183 - Transportation and Transmission Companies (capital basis)

Section 184 - Additional Tax on Transportation and Transmission Companies (gross earnings basis)

Section 185 - Agricultural Co-operatives (capital basis and dividends)

Section 186 - Lighting and Power Companies (gross earnings and capital)

Section 186-a - Gross Receipts Tax on Furnishers of Utility Services including those under the supervision of the New York State Department of Public Service

Section 186-e - Excise Tax on Telecommunications Services.

Section 189 - Importers of Natural Gas (self use or consumption)

a/ The category for clearing house banks was introduced to distinguish them from other commercial banks with the implementation of a new returns processing system late in fiscal year 2005-06. During that time and the following fiscal year, several payments were misclassified as received from clearing house banks. During fiscal year 2006-07, accounting adjustments corrected net revenue received by bank category in fiscal year 2005-06 and early fiscal year 2006-07 by moving payments from clearing house banks to other commercial banks. These adjustments resulted in negative net collections for clearing house banks for fiscal year 2006-07.

b/ Amount for Savings Banks reflects a one-time adjustment for reclassifying a savings bank to a commercial bank.

1/ Taxable gallons are derived from monthly tax liability as reported by distributors on timely-filed returns, related to collection periods, and are before audit adjustments and tax credits.

2/ Beginning January 1999, the non-utility category includes gallons used to generate electricity, which are not eligible for the Tax Law Section 301-d utility credit (i.e. gallons used by entities which are not subject to price regulation by the Public Service Commission). With the continuing deregulation of the State's electric sector, more gallonage used to generate electricity will no longer be eligible for the 301-d utility credit, and will be taxed as commercial gallons, and not as residual fuel or nonautomotive diesel fuel used in utility production of electricity.

3/ Non-utility use and utility use in production of exhaust steam.

a/ Data not available.

b/ Not applicable; new statutory category effective April 1, 2001.

Glossary

This section explains some of the technical terms used in this report's statistical tables.

Boxing and Wrestling Exhibitions Tax

Effective October 1, 1999, the boxing and wrestling exhibitions tax became two separate 3 percent taxes on ticket sales and broadcasting rights for boxing and wrestling events. Each of the taxes is capped at \$50,000 per match or exhibition, with a combined maximum limitation of \$100,000 per event. Since single events of high spectator interest strongly influence the size of the tax base, the yield of the tax varies considerably from year to year.

Cigarette Tax Commissions

Discounts provided to cigarette agents for affixing the State's stamp or meter impression on a package of cigarettes.

Compensating Use Tax

The tax imposed on tangible personal property and services used within the State on which a sales tax would have been due but was not paid.

Delinquencies

Collections on tax assessments issued for prior tax liability periods, plus remittances with returns filed for prior tax liability periods.

Electronic Fund Transfer Payment

Taxpayers liable for more than \$500,000 in State and local sales and use taxes or \$5 million in prepaid sales and use taxes on motor fuel and diesel motor fuel, petroleum business taxes, or motor fuel taxes, are required to make payment of tax by electronic fund transfer or certified check. Taxpayers must pay 3/4 of the total liability for the comparable liability period of the preceding year, or the total liability for such taxes during the current period ending on the 22nd day of each month.

Final Payments	Taxpayer remittances with final returns to satisfy tax liabilities not met by pre-payments in the form of withholding tax or estimated tax for the current tax liability period.
Fiscal Year	State and local government financial accounting periods. The State's fiscal year extends from April 1 through March 31. New York City and Yonkers have fiscal years of July 1 through June 30. Most other cities and school districts have fiscal years extending from July 1 through June 30 or use the calendar year as their fiscal year.
Hazardous Waste Assessments	Special assessment taxes levied by the Environmental Conservation Law on all facilities in New York State that generate hazardous waste, and on all treatment, storage and disposal facilities receiving waste from offsite. The amount of the assessment is based on the amount of waste generated or received and the method of waste disposal. Assessments are levied on a scale ranging from \$27.00 per ton for land filling down to \$2.00 per ton for on-site incineration. The assessment is due on a quarterly basis and payable to the New York State Department of Taxation and Finance.
Minor Offsets	Reductions made to individual income tax overpayments for taxpayers that have incurred liabilities and arrears enforceable by other federal and State agencies. Among these are the Department of Family and Children's Services (past-due support payments), Higher Education Services Corporation (defaults on guaranteed student loans), State University of New York and City University of New York (defaults on national defense, national direct, health professions or nursing student loans), the Department of Taxation and Finance (outstanding liabilities for other taxes), and the Internal Revenue Service (outstanding federal liabilities).
Municipal Assistance Corporation for the City of New York (MAC)	A public entity created in 1975 to help New York City meet its fiscal obligations. MAC is authorized to impose a general sales and compensating use tax in lieu of a New York City sales tax.

Negotiated Settlements	Collections on settlements, litigation, administrative proceedings and corporate taxation of the industry prior to the adoption of Article 13-A (a gross receipts tax from July 1, 1983 through August 31, 1990). This legislation consolidated petroleum gross receipts taxes imposed by Article 9, Sections 182-A and 182-B of the Tax Law into a single tax. The new law also repealed the disputed unitary reporting requirements for oil companies.
New York City Alcoholic Beverage Taxes	The City imposes excise taxes of 12 cents per gallon on beer and 26.4 cents per liter on liquors containing over 24 percent alcohol. The tax is administered by the State Department of Taxation and Finance.
New York City Personal Income Tax	<p>The City imposes a personal income tax on residents only. The City's income tax conforms to the State's definition of taxable income and has tax rates in tax year 2006 ranging from 2.907 percent to 3.648 percent, which includes an additional tax surcharge of 14 percent of base tax. The surcharge was suspended for 2005 while a temporary rate increase was in effect for certain high income taxpayers.</p> <p>Prior to July 1, 1999, the City also imposed a tax on nonresidents who earned wages or self-employment income in New York City. The structure of the tax was similar to the nonresident tax imposed by Yonkers.</p>
New York Racing Association (NYRA)	A privately-owned, non-profit corporation chartered by the State to conduct thoroughbred racing at Aqueduct, Belmont and Saratoga racetracks. NYRA is operated by professional management under the direction of a Board of Trustees which serves without compensation. NYRA pays the State a franchise fee for the right to conduct races and pari-mutuel wagering.

Off-Track Betting (OTB) 1970 legislation authorized New York City and other municipalities in the State to operate off-track betting systems to provide local government revenues and combat illegal bookmaking. Subsequent legislation created the State Racing and Wagering Board to regulate the seven geographic OTB regions encompassing all of New York State. Portions of the retained commissions on all wagers are distributed to racetracks, breeders funds and the State as prescribed by law. After deducting self-supporting operating expenses, OTB corporations remit the balance of these commissions and a surcharge to participating local governments.

Pari-Mutuel Taxes A tax imposed on horse racetracks and OTB operators based on commissions and breakages. Also called the State's "take" or "take out," it is the State Racing and Wagering Board determined percentage of the total wagering pool. "Breakage" is the odd cents over any multiple of 10 cents not returned to the winning bettors calculated on the basis of a \$1.00 bet.

Preemption A term used to describe rights to sales and compensating use tax revenues in overlapping taxing jurisdictions. Some municipalities within a county as well as the county may impose a local sales tax. The city and the county reach an agreement on dividing the local tax rate and revenues. For example, if county X imposes a countywide 3 percent sales and use tax, and city X also imposes a citywide 3 percent sales and use tax, and State law limits the total local sales tax rate to be 3 percent, county X will allow city X to acquire part or all of county X's sales tax rate within city X.

Racing Admissions Taxes A 4 percent tax on racetracks and simulcast theater admissions.

Racing Season Unless stated otherwise, a racing season is a calendar year.

State to City Offsets Reconciliation of actual income tax liability with the estimated prior cash receipts distribution. Transfers are made between the State and the cities of New York and Yonkers.

Stock Transfer Tax	A tax imposed on the sale or transfer of stock, agreements or memoranda of sales, certificates of interest in property or accumulations and certificates of interest in business conducted by trustees, within New York. A rebate program was enacted in October of 1979 and phased in over succeeding years so that the entire tax is now rebated.
--------------------	---

Uncashed Tickets	Not all winning mutuel tickets are cashed by ticket holders. The State is allowed to retain the value of winning tickets not turned in within a specified time.
------------------	---

Wildlife and Other Gifts and Contributions	Voluntary taxpayer contributions to the State Department of Environmental Conservation's "Return a Gift to Wildlife" program, the Breast Cancer Research and Education program, the Missing and Exploited Children Clearinghouse Fund, the Lake Placid Olympic Training Facilities program, and the Alzheimer's Disease Assistance Fund. Personal income taxpayers may increase their final remittances or reduce their overpayments by the amount of their contribution.
--	---

Waste Tire Management & Recycling Fees	A fee imposed by the Environmental Conservation Law of \$2.50 per new tire sold, including tires on new motor vehicles. Tire services must collect the waste tire management and recycling fee from the purchaser at the time of the sale and remit such fee to the Department of Taxation & Finance.
--	---

Wireless Communication Service Surcharge	A surcharge imposed by the County Law of \$1.20 per month on wireless communications service where the wireless communications customer's place of primary use is in New York state. The surcharge is imposed on each wireless communications device with a primary use in New York state and is payable on bills rendered for wireless communications services provided or directly to the Department of Taxation & Finance.
--	---

Yonkers Personal Income Taxes	A personal income tax surcharge on Yonkers residents, plus a tax on nonresidents who earn wages or self-employment income in the city of Yonkers. For 2006, the resident surcharge is 10 percent of the resident's net State income tax. The nonresident earnings tax base is computed on gross taxable wages and net earnings from self-employment, less a \$3,000 exclusion that is phased out. No exclusion is allowed on income greater than \$30,000. The nonresident earnings tax rate is 0.50 percent of net earnings or self-employment income after exclusion.
